COMPLETION UPDATE - PATRIOT #1-15 WELL

Tomahawk Energy is pleased to announce that the Jefferson sand zone at 3300' was completed in the Patriot #1-15 discovery well in its Bad Creek Project in Okfuskee County project today. Tomahawk Energy holds a 12.6% interest in this well.

The well tested at flow rates of between 800 MCFD and 1800 MCFD flowing 1.1 MMCFD on a 15/64" choke and 497 MMCFD on a 10/64" choke.

The well has been connected to a gas sales line.
